

My name is Mrs Cryer, I work alongside the inclusion team. I am responsible for all of our student speech and language needs. At Lowerplace Primary School we believe that being a good communicator is key to developing skills for learning and thinking, as well as building friendships and being happy.

Some of the areas I support carers and students are:

- Practical advice and support with the use of dummies and bottles.
- Delayed development milestones.
- Difficulty with speech sounds.
- Difficulty following instructions.
- Problems with expressive language.
- Limited vocabulary.
- Selective mutism.
- Low confidence.

If you require any friendly advice or support in any concerns you have regarding your child's communication, please feel free to telephone the school or come to see me, I am located in the (KS 2 building).
