# Year 5 Puberty Education

- This topic is delivered in 1 session.
- It is delivered to boys and girls separately.
- Year 5 parents will be notified in advance.
- Year 5 parents will be invited to view the materials in advance.
- Year 5 parents can withdraw their children from the session if they wish.

# Year 5 Puberty Education Programme of Study

The content of this aspect of the curriculum was approved by the Parent Working Party on 03.10.19. It is deemed to be age appropriate, meets the needs of our children and is sensitive to the views of our parents.

The content has been removed from this slide due to age appropriateness. The material will be shared with Year 5 Parents prior to the lessons being delivered. Parents will then have the option to withdraw their children from this element of this curriculum. However, we have carefully designed a curriculum that hopefully parents will not feel they need to withdraw their children from.

**To be clear, Year 5 parents will be invited to preview this aspect of the curriculum prior to it being delivered.**

# Year 6 Reproduction Education

- This topic is delivered in 2 sessions.
- Year 6 parents will be notified in advance.
- Year 6 parents will be invited to view the materials in advance.
- Year 6 parents can withdraw their children from the sessions if they wish.
