

Paws, Claws & Whiskers - Year 1 - Autumn 2

	Captivity	The situation in which a person or animal is kept somewhere and is not allowed to leave.
	Conservation	The protection of plants and animals from the damaging effects of human activity.
	Endangered	In danger of being lost or harmed.
	Extinct	Something which does not exist anymore.
	Pollution	Damage caused to water or air, by harmful substances or waste.
	Habitat	A natural environment where an animal or plant lives.
	Wild Animal	An uncontrollable or violent animal.
	Zoo	An area in which animals, especially wild animals, are kept.

There are seven continents and five oceans in the world.

Chester Zoo & the World Wildlife Fund

There are numerous animals from around the world who are in danger of becoming extinct.

Plastic Pollution

Sir David and other charities are making a big impact on helping wildlife.

Zoos are working together with the WWF to help protect wildlife.

Bengal Tiger

Plastic pollution is getting worse and human activity is the cause of this.

Sir David Attenborough
